TERAS Print Studio (TPS) is a printmaking studio founded by the printmaker Syahrizal Pahlevi (www.syahrizalpahlevi.com). The studio is dedicated to work in relief print (woodcut/linocut/mokuhanga) though it is open to printmaking employing other techniques. At present the Studio is equipped with a single etching press, an array of carving tools. In future, TPS plans to expand its facilities in order to better accommodate the needs of the local printmaking community.

Activities of TPS can be seen at : www.terasprintstudio.com
